ENERGY**

Pacific Energy  
NeoView 2.5 LE

# NeoView 2.5 LE

The NeoView 2.5 LE offers a clean Euro inspired design built around the field proven Neo 2.5 LE firebox. With easy loading, larger glass, and simple operation, the NeoView 2.5 LE puts a modern twist on a proven wood stove.

Pacific Energy's clean-burning catalytic-free technology reduces emissions while maximizing burn length and fuel efficiency.

|                        |                         |
|------------------------|-------------------------|
| Efficiency (HHV)       | 72%                     |
| Emissions              | 2.0 gm/hr               |
| Log Size (recommended) | 17"                     |
| Log Size (max)         | 18"                     |
| Firebox Size           | 2.2 cu.ft.              |
| Viewing Area           | 196 sq.in.              |
| Max Burn Time (Approx) | 6-10 Hours <sup>1</sup> |

<sup>1</sup> Burn times depend on draft, fuel, loading, and user input.

## Standard Features

- Catalytic-Free technology
- Extended Burn Technology (EBT)
- Rich metallic black finish
- 3/8" Heavy plate-steel top
- 304 Stainless Steel Baffle, Rails and Flame Shield
- Boost air for easy lighting
- Mobile home approved
- Leveling Legs
- East-West fuel loading

## Performance Options

- Temperature-actuated variable-speed blower
- Easy-to-use ash disposal system

## Design Options

- Front & side panels in your choice of choice of six lustrous Porcelain Enamel colors, or painted Metallic Black Steel.
